WHEN: Through fall
WHAT: Full closure
WHY: To facilitate construction of north side lanes

ONGOING

WHERE: I-80 from State Street to 1300 East
WHEN: Ongoing through fall 2009
WHAT: --Traffic has switched to the south side of the freeway with 3 lanes open during peak hours and 2 lanes open during off-peak hours.

WHY: --The 700 East eastbound and westbound on-ramps are closed until late fall, and the 700 East westbound off-ramp is closed.
This project adds one general purpose lane in each direction throughout the corridor and auxiliary lanes, from interchange to interchange, on I-80 between State Street and 1300 East. Full bridge replacements are scheduled for the 300 East, 500 East, 600 East, 900 East and Highland Drive structures, with a bridge deck replacement planned at State Street.

NOTE: --Please use caution and pay attention to your surroundings when traveling through the work zone. Traffic flows can slow abruptly.
--Oversized loads are restricted through the area. Due to narrowed lanes, large truck traffic is encouraged to use an alternate route.
--Watch for construction vehicles entering and exiting the construction zone.
--**Slow down!** UHP has now issued more than more than **400** traffic citations for speeding in the I-80 work zone since mid March. Fines for speeding in this area have been enhanced.
